ARTS AND CRAFTS FESTIVAL AT SUNDAY RIVER SEPT. 29, 30

The first celebration of Western Maine Folk Arts will take place Sept. 29 and 30 in the South Ridge base lodge at Sunday River Ski Resort in Newry, six miles out of Bethel on Route 2. The festival will accent the beautiful fall foliage of this western Maine mountain region. The Bethel Area Chamber of Commerce will be on hand to provide information on local fall foliage trips.

Festival originator, Paula Berry, expressed that area participation and excitement is high as 35 area artisans will participate in the festival. A variety of crafts including chocolate carving, quilting, jewelry and woodcarving will be displayed in the lodge from 10 a. m. to 5 p. m. on Saturday and

HOORAY! Bethel townsfolk gathered on the Common last Sunday night to inaugurate the new fountain. At the pull of a switch, the fountain lit up and began gushing water, to the cheers of the assembled throng. Taking part in the ceremonies, left to right, were Town Manager, Bill Judson, Dale Thurston, Norma Jodrey, and Mary Keniston.

Sunday. A chicken barbecue will begin at noon on both days.

A local radio station, WOXO, will be broadcasting live all week end from the Blue Mountain Festival. The Hiram Hillbilly will be at the South Ridge Lodge and will feature "Lee Moore and the Country Ridge Riders" for a country music jam on Sunday from noon to 3 p. m.

Many area inns, lodges and restaurants offer special fall foliage rates to festival attendees. There is no admission charge.

ALBANY MOUNTAIN FIRE CONTAINED LAST SATURDAY

The southwest slope of Albany Mountain, near the Albany/Stoneham town line, was the scene of a one acre forest fire, Saturday. Firefighters from the Stoneham Fire Department, Maine Forest Service, and Evans Notch Ranger District of the White Mountain National Forest began initial attack Saturday afternoon following report of the fire by the public around noon. The Maine Forest Service Jet Ranger helicopter delivered 50 gallon water drops to help contain the spread of the high elevation fire.

The fire was the first for the Evans Notch District this year. District Ranger Mark Boche, credits "prompt and aggressive action of the Stoneham Fire Department and the Maine Forest Service for limiting the size of the fire."

Plans to mail computerized tax bills by early September were delayed by the need to reconcile \$98,500 in taxes that the computer showed in excess of manual records in the Town Office. It is anticipated that 1984-85 tax bills, payable in two installments, will be ready for mailing early next week.

The Bethel Citizen Has New Owners

On Saturday, Sept. 22, a newly formed Maine corporation, Citizen Press, Inc., purchased "The Bethel Oxford County Citizen" and other assets of Citizen Printers Inc., the former owner of the weekly newspaper.

The principals of the new corporation are Bernard Wideman, formerly of Ipswich, Mass., and John K. Brown, of Bethel, also a principal in Citizen Printers Inc. Mr. Wideman will serve as publisher of the paper, while Mr. Brown will continue as editor, a position he has held since 1963.

Also staying on with the paper are office manager Musa Brown, and printer Edwin Brown, one of the former owners. Printer-photographer Donald Brown, also a former owner, will retire at the end of the month.

Mr. Wideman, 47, comes to the "Bethel Citizen" from the "Ipswich Chronicle," a 5,000-circulation weekly that he edited for the past three years. Last January, the New England Press Association presented the "Ipswich Chronicle" with the All New England General Excellence award, given annually to the paper judged the best weekly paper in New England.

Mr. Wideman is moving to Bethel with his family—Professor Mary Clark and her daughter, Katie.

Professor Clark teaches linguistics at the University of New Hampshire. Her daughter, Katie, has entered Telstar Regional High School as a freshman. The new Bethelites are purchasing a home on Park Street. "We're delighted to be here," said Mr. Wideman.

As for any changes contemplated in the "Bethel Citizen," Mr. Wideman said he plans to modernize the production of the paper, and expand its news columns, while retaining the friendliness of the content. "The Bethel Citizen" is a uniquely people-centered paper," he said. "I would like to see the paper continue to be the indispensable friend of the community that continued on Page Five

The Selectmen met Sept. 18. Stephen Yates, chairman of the Planning Board, was present and explained that the Planning Board would start charging a \$10 fee, as provided by the Ordinance, on all Sub Division permits. This fee would defray expenses involved. Yates said that the Planning Board did not feel that it would be necessary to meet in September. It is hoped that the October meeting may be held in the Raymond Foster School, recently acquired by the Town. It is planned to move the Planning Board materials, which are now located in several members homes, to the school and sort them out at this meeting. The Selectmen further discussed repairs to the Foster School. Some contractors have been contacted about the new roof for the building. Two, possibly three, have indicated that they would be able to do the job this fall. Others have said they were too busy. Further discussion will be had soon with the ones who will be able to do the job, as to specifications, etc., and

Franklin Grange held its meeting Monday evening. Olive Davis, Carl and Lettie Brooks, and Kay Billings attended.

Mr. and Mrs. Jim Whittemore called on their sister, Esther Davis on Monday. They took a trip around the mountains. They ate out in Gorham. This was the 46th anniversary of Jim and Marion Whittemore of Livermore. It was a beautiful day to travel in the mountains.

Wednesday Esther Davis spent the day with Mrs. Miriam Howard at Mrs. Emily Pike's in Livermore while her sister and husband were on a fishing trip.

Mr. and Mrs. Carl Brooks and I went to Excelsior Grange in Poland, Saturday evening.

The Grange buses traveling to Portland for the 7th degree at the National Grange session will leave Trap Corner at 7:15 on Nov. 17. There is supposed to be room for those who wish to see the Degree again, also. If you want to go, contact the Secretary of your Grange before Oct. 1.

Richard Felt was in Monmouth where he played. They were celebrating the 110th anniversary of their Grange and also the 100th birthday of one of their members.

Mr. and Mrs. Harold Canwell, Evelyn Jackson and Richard Felt attended the harvest supper at Winthrop Grange, Shelburne, N. H., last Saturday. The musicians played for the program and also for a little dancing afterwards.

Mr. and Mrs. Joseph Young entertained at dinner Thursday at their Lake Christopher cottage. Olive Davis and the Johnsons from Gardiner.

It is hoped that the job can be done early in November. The Selectmen felt that the better way to get the job done would be to obtain a list of materials needed to do the job and the Town contact building supply dealers to get the best price and the Town buy the materials and have the job done by the hour. It has been found that the chimney is badly cracked in places and it will probably have to be rebuilt, as well as the new roof. In other business, Robin Frazer was appointed School District Director to serve until the March Town Meeting.

The Administrative Committee of the Septic Disposal Site, consisting of two Selectmen from each of the three towns, Bethel, Newry and Hanover will meet at the site for the site inspection Sept. 29 at 8 a. m.

The Ladies Circle will meet Monday, Oct. 1, at Betsy Clark's at 7:30 p. m. Members are requested to bring items for a white elephant sale.

High St., West Paris

Sent in by Viva Whittman:

The autumn leaves grow more beautiful, day by day, and the greens fade into the background. Each time we go some place it is more noticeable than the last time. I love the reds, oranges and all the other colors of the autumn leaves. Just hate to think of the cold weather that comes much too soon afterward. But the warmth of day and the coolness of the nights tell us that we had better get things harvested and taken care of for winter.

Monday was a busy day for us, as so many of them are. We had pulled all the New Zealand spinach on Sunday night and pulled the leaves from the plants. I had a canner full, three dishpans full and another dish full before we got them all pulled off the vines. They were put to soak overnight and I started on them the first thing in the morning on Monday. With Russell to help, we got them done sooner than if I had done them alone. Put up 28 packages of spinach, so called Nonie and told her she could be Popeye. "What did you say," she asked, and so I repeated it, as I had the spinach for her. How she laughed when she understood what I was telling her. She thought she might have a few packages to use this winter.

We had also brought down a pail of beets to can, so got them on to boil and had mentioned that I wanted to make some sweet cucumber pickles, so the next thing I knew in comes Russell with two large pails of cukes for me to make pickles out of. While the beets boiled, I peeled cukes and took the centers out and put them up for pickles. The beets were all cooked in about an hour, so started peeling them and getting them ready to can. Was going to pickle them as we had already put up plain ones. Got them ready, the syrup too, and Russell helped me put them into the jars. I had gotten the cukes ready to set for the night, so took a rest myself. I considered I had done a good days work by the time I was through.

Next morning I started on the pickles, but Russell was going to Bethel to get some saws he had left there to be sharpened, so shut the stove off and went to keep him company. Started the pickles again when we got back, and when done, we had put up 19 pints of them. Russell worked out front some in the afternoon, and that evening we went up to Don Farr's and helped pick nearly three bushels of tomatoes. I wanted some to can and Nonie wanted some to make relish, so we got plenty.

Have been having such a time with headaches that I went to Framington to see the doctor on Wednesday afternoon.

Russell went up and worked in

the garden on Thursday and brought the last of the Swiss chard home, some parsnips, a squash and zucchini, so I took care of the chard and waited until Friday to fix the other stuff. In fact, I didn't do the parsnips until Saturday noon for lunch.

We went to do the wash Friday morning. Russell went and ordered the stuff for closing in the front of the trailer and got the groceries and I did the wash, then kept some appointments I had, so didn't get home until a little after noon. It was lucky we took both vehicles, as Nonie had come and Russell had gotten some lunch for her, Courtney and himself and they were about done eating when I got home. Nonie had to go to Norway to do a little work, so Courtney and her old Grandma laid down to take a nap after doing the dishes. I think I fell asleep before Courtney did. I was so tired.

We had expected to have installation of officers at Grange on Saturday night, but Chester Hayes who was to install us was taken with a gall bladder attack and was in the hospital where he had been operated on. What were we to do, as cards had been sent to all to come to be installed into office for the ensuing year! Laura had called and I asked if a past Master couldn't do it for us, and she and Russell both said yes, so I asked why we didn't see if Richard Felt would do the job for us, if he wasn't busy. Laura asked me to call him and I did on Friday morning. He said he would be glad to if he could get the helpers he needed for the ceremony. I made two casseroles and a Johnny cake to take to Grange on Saturday, went to town and got the candles and holders we needed for the installing ceremony, and that night we headed for Newry Corner to Bear River Grange, not knowing just what we were going to do, only try to get the officers installed the best we could. Richard Felt of Franklin Grange acted as installing Master; Harold Canwell, Oxford, Master; Dot Canwell, Oxford, pianist and soloist; Barbara Felt, Franklin, Chaplain; Evelyn Jackson, Oxford, Marshal; Verma Swan, Franklin, Emblem Bearer; and Priscilla Jasud, Rumford, Regalia Bearer. All went well and nine officers were installed in fine style. We all hope that Chester Hayes is doing well after his sudden operation and will soon be back attending Grange again. In the meantime, I am sure he will be glad to hear that someone helped to do what he wasn't able to do that night. He is a great friend and we all wish him a speedy recovery.

We also want to put in a special thanks to those who so kindly helped see the installation job done and all believe they did a very good job.

Got up this Sunday morning to a lot of ripe tomatoes and have canned 27 pints so am a little weary as I write this. Also went to the garden to see if it had been hit by frost any more. While there, we went in and visited with Hilda and Gerald Taylor for a short time. Gerald hasn't been home very long from the hospital and being anxious to get back to work did a little too much yesterday, but it made him realize that he has to take it a little easy after having a heart attack.

JACKSON-SILVER POST & UNIT HOLD JOINTING MEETING

Rotary Club News

The Bethel Rotary Club met at the Sudbury Inn for a regular luncheon meeting on Sept. 25. Lennie Shaw, President-Elect, presided at this meeting in the absence of President Jim. Prior to this meeting, a special meeting of the Board of Directors was held at Lennie Shaw's office at 7 p. m., on Thursday, Sept. 20. Many items of club business requiring immediate action were acted upon at this meeting. Also, Secretary John Head presented a number of agenda items dealing with the nominating committee deadline, length of regular meetings, etc. Lennie Shaw announced to the Club members that Wilfred "Bill" Conary will be the delegate as a Paul Harris Fellow for the 1984-85 term. Congratulations, Bill. A formal recognition will be made soon.

The program chairman at this meeting was Randy Baker. Randy gave a very interesting classification talk for the program. Visiting Rotarians and guests joining with the group at this meeting were: Bill Lowther, Boonton, N. J., and Chas. Feld, Marco Island, Fla.

A meeting of the Mollycoddett Day Committee was held at Lennie Shaw's office at 7 p. m. on Sept. 18. Preliminary planning details were discussed at this meeting. More about this at a later date.

The readers of this column will recall that the Oxford Hills Rotary Club hosted the Bethel Club in a "pay-off" party at South Paris on Sunday past. A wiffle ball game between the Oxford Hills "Busters," led by President Dave Hamilton, and the Bethel Club "Stickers," captained by Dave Preble was a really tough competition. The "Busters" won out with a score of 9 to 7. This might turn out to be an annual event. The Club members were very supportive. A 75% turn-out for the Bethel group.

Dance fans, keep Oct. 20 on your calendar.

Safety Tip of the Week

Now is the season of changing weather. Our bodies are not used to the variation in temperatures. For your health's sake, be especially particular about eating the right food and not getting overtired. When a cold comes on, wash your hands often. Many colds are transmitted by hands onto door knobs, and silverware. If you do get a cold, listen to your body and rest as much as possible.

THIS WEEK AT THE MOSES MASON HOUSE

All friends and members of the Bethel Historical Society are reminded that the annual "What's It?" meeting will be held on Thursday, Oct. 4, in the meeting room of the Dr. Moses Mason House. Anyone having an unusual item that he or she wishes to bring and display is urged to do so. Following this portion of the program the film "The Cooper's Craft" will be shown. All interested persons are cordially invited to attend the meeting which begins at 7:30 p. m.

New members this week are Donald and Dorothy Christie of Gray, life members, and Barbara Lucas of Bethel.

The latest contributors to the 1984 Endowment Campaign are Shirley Bartlett Eby, Stockton, Calif.; Richard and Delora Harding, Houston, Tex.; E. Louise Lincoln, Bethel; Joann Mooney, Ottawa, Canada; Dr. Charles and Edith Seashore, Washington, D. C. and Bethel; John and Fumiko Head, Bethel. This brings the total to \$4,770 or 68% of the 1984 goal of \$7,000 from 242 donors to date. Much appreciation is expressed to all those who have made this progress possible.

Special appreciation is expressed this week to Dr. Donald M. Christie Jr. of Poughkeepsie, N. Y., a former resident of Bethel, who made a generous contribution toward the republication of Eva Bean's "East Bethel Road."

Anyone interested in attending the Society's film series this fall is reminded that the first film begins on Wednesday, Oct. 3 at 7:30 p. m. in the meeting room of the Dr. Moses Mason House. It is the first of "The Adams Chronicles," a part of thirteen one hour dramas spanning the 150 years from 1760 to 1800, detailing how four generations of one family helped determine America's shape and direction. Based on the Adams Papers, which contain 300,000 pages of letters, diaries and journals written by various members of the family, the series weaves together events that shaped the history of the emerging nation with the history and legacy of the Adams family. It is brought to Bethel by a grant from the Maine Humanities Council and the National Endowment for the Humanities.

"Episode One deals with 'John Adams: Lawyer' (1755-1770). The pressure of living under British occupation intrudes upon the glowing love story of John Adams and Abigail Smith. After their marriage and during the growth of their family, Adams finds himself increasingly involved in the liberty movement—despite his former strong loyalty to England. After the Boston Massacre, in which British soldiers fired on an angry mob in self-defense Adams agrees to defend the troops to insure justice, but his actions led many in Boston to question his motives and loyalty to the colonies. Each week the film will be followed by a discussion. The leader on

Letters to the Editor

Dear Editor:

I would like to commend the committee who did an excellent job of deciding on our fountain and having it built. It's nice to see a fountain in the midst of our Common once again. Thank you one and all.

Jane B. Young

Sept. 24, 1984

To the Editor:

I want to thank the Bethel Citizen for letting me blow off a little steam. Thanks to the people who have read the East Bethel Road articles and like them, also a big thanks to the two gentlemen from the State Highway Dept. that rode by our home last Sept. 14. They rode by going toward Locke Mills came back by shortly after headed toward Bean's Corner. I hope they made it back to their destination safely.

I realize there are roads probably much worse than this one. I realize the State Highway Dept. can't make everyone happy. I also realize that with the amount of traffic this little piece of road handles it deserves to be in better shape. We are not asking for a four lane highway here, just two sides to go with the middle and more hot top around the bumps.

It would be nice to hear from other people with complaints on this issue of the East Bethel road. I know some of the residents along the road have had minor accidents and some not so minor. I just hope it won't take a fatal accident to get results.

If my four letters had all been done four weeks ago in one letter to the editor the subject would have been forgotten three and a half weeks ago. I certainly hope stretching them out for a month has gotten someone's attention.

Thank you all,
Donna Curtis

GOULD'S CLASS OF 1939 CELEBRATES 45th REUNION

The Gould Academy class of 1939 returned to the campus the week of Sept. 22 and 23, to celebrate their 45th class reunion.

The special celebration was planned by a committee of class members who have worked together for other reunion years. They are: Mary Clough Rice Keniston, class secretary; Barbara Lyon Kuzyk, class treasurer, and class members Arlene Greenleaf Brown and Virginia Smith Hutchins, with the able assistance of the class agent, Murray Thurston.

Returning alumni class members attended the excellent breakfast, luncheon, and banquet at the Academy. Some attended "Gould Through the Years" at the Bethel Historical Society.

Special gatherings were scheduled: Mike and Connie Thurston invited classmates and other class alumni to a party at their home in Mayville before the banquet Saturday afternoon. Some members also called at the social hour at the home of Headmaster Bill Clough and his wife, Ki.

Harry and Barbara Lyon Kuzyk hosted the class after the banquet for a social gathering at their home on the Rumford Road. Old pictures, Academy Herald and newspaper articles provided some of the evening's interest. Members of other classes called and this adds to the enjoyment of seeing

old friends from many years ago. Refreshments were served.

The complete schedule of events was most enjoyable and all commented on the special feeling classmates experienced in meeting again. The planning committee was commended for their expertise in special plans to entice their members to return. The Gould Academy campus never looked better and the weather added to their accomplishments. The committee appreciates the assistance received from Al Barth, Fran Bernier, and Polly Davis. Headmaster Bill Clough and Ki, the faculty and students made everyone feel welcome.

The class has been most fortunate in having their own photographer, Donald S. Brown, '38, Arlene's husband.

Some of the members left the Kuzyks' party to attend the Bethel Inn Dance, later in the evening.

Those attending from the class of 1939 from Bethel: Dana Brooks and wife, Carolyn; Arlene Greenleaf Brown and husband, Donald; '38; Donald Holt and wife, Irma;

Bird Hoey, Priscilla Duckworth Higgins, Arlene Greenleaf Brown, Virginia Chapman Nelson, Rodney Wentzell, Florence Deegan Beck, Murray Thurston, Elizabeth Field Blanchard, June Little Wentzell, Mary Clough Keniston, Dana Brooks.

Virginia Smith Hutchins and husband, Lee, '40; Mary Clough Keniston and husband, Earlton (Lefty), '37; Mary Robertson Keoskie and husband, Charles; Barbara Lyon Kuzyk and husband, Harry; Murray Thurston and wife, Connie; Richard Crockett, Norway; Virginia Chapman, East Millinocket; Helen Lowe Krawl, Portland; Sylvia Bird Hoey and husband, Steve; Lloyd Keniston and wife, Joan, both couples from South Portland; Archie Waterhouse, Oxford; Florence Deegan Beck, Jefferson, N. ALBANY MOUNTAIN FIRE

continued from Page One
The fire was caused by a lightning strike and thought to be from the storm last Thursday evening. It spread uphill from the base of the tree struck and burned in heavy forest litter and leaves. The fire was contained, or surrounded by a complete fireline, Sunday afternoon.

Forest Service personnel from the Evans Notch District will continue with control efforts and mop up activities. Water delivery will be by the Maine Forest Service's helicopter as the nearest source of water is over a mile from the fire and nearly a 1,000 ft. vertical drop in elevation, preventing the use of pumps and hoses.

District personnel are on alert for more smokes showing up from the lightning storm as the dry, warm weather continues. Everyone is urged to use additional care with fire this fall.

M.S.A.D. #44 BOARD MEETS

continued from Page One
District policy the student was suspended from school for 10 days and suspended from a sports team for the balance of the season.

Mrs. Sandra Cohen was appointed as a kindergarten teacher at Ethel Bisbee School for the balance of the 1984-85 school year. Authority was granted to post a vacancy in the position of half time special education teacher.

The Board accepted the review of Board Goals for 1984-85 as presented by Supt. Dewaine Craig and voted to continue the same goals for another year as part of a continuing effort.

The chairmen of the Board's committees are to submit recommendations to the Personnel Committee by Oct. 22 for its use in concert with the annual evaluation of the Superintendent of Schools to establish annual goals for the Superintendent.

Adult Education teachers were approved as follows: Debbie Cayer, for Flower Arrangements to be held in Andover on Monday nights and Larry Campbell for Bagpipe Playing to be held at Telstar.

A bid of \$3,248.22 from Hunter Window was accepted to install storm windows at the Ethel Bisbee School. The bid of Hunnewell, \$4,140, was accepted to install insulation on pipes at Andover, Ethel Bisbee and Woodstock Elementary Schools. District funds of \$390 will be needed because the total bid for pipe insulation was in excess of funds contained in the grant award.

It was the decision of the Board to reject all bids for three school buses put up for sale. Confusion as to the specifications listed in advertisements requested in bids was cited as a reason for the rejection. Bids for buses #34 and #35 will again be sought with no minimum bid specified. Bus #14 is being withdrawn from the "request for bids" because of its possible use as a storage shed at the S.A.D. #44 Maintenance Garage.

The Board authorized the transfer of the deed and title of the Raymond C. Foster School to the Town of Newry. In a related action, the current lease agreement between S.A.D. 44 and N.O.V.A.,

The varsity team has tied two: 0-0 against Sacopee and Berlin and won two—one with Fryeburg 1-0 and one yesterday against a strong and older team, Gorham, 3-2. The junior varsity team has tied one game with Fryeburg and won a game with Sacopee 3-0 and has lost two—one against Berlin 0-1 and another with Gorham 0-2. Both teams are playing real well this week and working a lot on basic drills and team work. The teams this year are mostly 7th and 8th graders who are very strong. Their next game is Friday away at Sacopee as the Rebels go for another win. Then on Oct. 2nd they have a home game with Rumford at 3:30. Come and watch the Mini Rebels in action.

also like to take advantage of it has been for decades. And I'd modern production techniques." To this end, Mr. Wideman said, the new owners will purchase phototypesetting equipment. This will reduce the time needed for typesetting and will permit the Citizen's printing facilities to be used for more printing jobs for businesses and individuals in the community, he said.

This is only the fifth change of ownership of the paper since its direct predecessor, the "Bethel News," was established in 1895 by Aken Ellingwood, who came here from Milan, N. H. (Previous to the "News", there had been the "Bethel Courier," begun in 1858 and terminated in 1861.) The "News" was combined with the "Rumford Citizen" in 1908 to form the "Oxford County Citizen," which was purchased in 1927 by Carl L. Brown, the father of the present-day Browns, who have run the paper in recent decades. Citizen Printers Inc. was formed in 1961.

The Brown family members who have devoted their lives to the "Citizen"—John, Donald, Edwin, and his wife Musa—were presented the Henry H. Hastings Community Service Award by the Greater Bethel Chamber of Commerce last June. In presenting the award, Dr. Stanley R. Howe, Director of the Bethel Historical Society, noted, "The Brown family has rendered a unique and incredible service to Bethel."

Looking back on the history of the paper and the prospects for the future, Editor John Brown said, "Since its purchase by our father nearly 57 years ago, the 'Citizen' has endeavored to reflect the attitudes of the area and provide a forum for its opinions and a medium for advertising messages and announcements. We are confident that with Mr. Wideman's dynamic leadership these will be continued and expanded."

With regard to the Foster School was terminated, effective Sept. 30, with N.O.V.A. being billed for the months of July, August and September.

Robin Fraser of Newry attended her first Directors' meeting following her appointment by that Town's Selectmen as successor to Stephen Yates. Board members absent Monday evening: Desda Fogg, Andover; John Haines, Greenwood, and Rick McVey, Newry.

SQUARE DANCE FOR CHILDREN

Registration and an informational meeting will be held at the beginning of the first class. Students should bring a parent with them to the first meeting. A minimal fee will be charged to cover expenses.

NOTES FROM

Evans Notch

White Mountain National Forest

With the passing of Labor Day Weekend, recreation use on the Evans Notch Ranger District of the White Mountain National Forest has diminished. With the coming of the fall foliage season, visitors to the District will find solitude in most areas. The only exception will be on Evans Notch Highway, State Route 113. Heavy traffic is expected, and visitors are urged to use extra caution while driving. Motorists are also advised falling leaves and fall rains produce slippery road conditions.

Recreation use figures were recently tabulated for Fiscal Year

— **Eveline B. Vatcher, Corres.** —

Joe Kalinowski had supper with the "Root" Lawrences Monday night. Other callers during the week were: Mr. and Mrs. Hemman Card, Leon Morse, Mr. and Mrs. Joe Vatcher, Marjorie Fuller, Mr. and Mrs. Albert Penley Sr., Mr. and Mrs. Norman Abbott and Joanne, Sandra Coffin, Amanda Heath, Thursday, Brenda Millett, Greenwood, spent some time with Uncle "Root" and Aunt Doris. She was leaving Friday for Underhill, Vt., where she has a new position as a draftsman. Good luck, Brenda. Her grandparents, Mr. and Mrs. James Coffin, Trap Corner, moved her furnishings to her new apartment on Wednesday and helped her get settled.

No "Sunday" paper on our street Sunday.

Mr. and Mrs. Joe Vatcher went to Danvers, Mass., Monday to see Joe Vatcher's mother, also called on Robert Anderson, brother-in-law, and had lunch with him. Mrs. Vatcher was happy when the nurse told her she could go to Joe's for three days on Oct. 10. Her last visit was two years ago and she loves it here. We are sorry that she won't be able to see our new road but we will try to describe it to her. A nurse from Ledgeview will give her the insulin shots while here. She hates sloppy joes so will be sure that she doesn't get any.

David Lyons is happy. He has returned to his work at Penley Corp. after an enforced vacation due to broken bones. It's good to see him around again. Be careful, David.

Doris Lawrence went to Roxbury Road, Mexico, Sunday to stay with her sister, Alice Goff, for a week while Mr. and Mrs. Norman Abbott are in Nova Scotia and New Brunswick, Canada.

The Community Club supper on Sept. 22 was well attended. The

NOTES FROM THE WOODSTOCK HISTORICAL SOC.

"How wise were the ancients who never lost sight of the religious significance of the earth! ... What remains is the earth, the mother of life as the ancients personified the mystery, the ancient mother in her robes of green or harvest gold and the sickle in her hand. ... And our Maine year is no halfway affair. When it is summer, it is green summer at its best, and when the northern winter deepens out of October's brilliance and wholesome cold, it is the old-fashioned winter with its fields of snow, its sense of wintry peace, and its splendor of blue sky." —Henry Beston

True, we in Maine are now far removed from the pastoral world of the rural farmer, but we can nevertheless still appreciate the God-given beauties of Nature around us, seemingly more prolific here than elsewhere. So many Maine people still plant gardens, a holdover from farming days. Others enjoy hunting, fishing, swimming, boating, skiing or hiking. We have a great natural heritage here in Maine as well as a cultural one. May we enjoy it to the full!

Greenwood City

— Mrs. Collista Morgan, Corres. —

It seems but yesterday that the song of the robin was flowing above the hum of spring. But the arrival of autumn is here. I looked out over the water and it was like a magnet calling me to come. So I took my boat and went down pond and up Sanborn River, where the pulse of activity was to be found. I'm sure it never stops.

At first, it was early, the low sun warmed one side of me, while a gentle breeze cooled the other. Even though lifting the oars quietly, I startled a few ducks from the weeds. They circled once over the water then vanished toward the river. In a short time I, too, started up river. My first real friend was the painted turtle. As it swam beneath the water it shone with rainbow colors and its movements were swift and strong.

It was here that I saw the button bushes decked in their many buttons. They are interesting and unusual, to those who are not familiar with them. Just picture a green coat with rough buttons, buttoned in many ways.

Beyond, the tree-tops sifted sunset colors, cross-lights, spreading a loose checkerwork of red and golden shadows.

September creeps along the streams as well as lawns and parks. It molests a few of the weaker trees, the ones least loyal to summer. These caught the sunlight and rippled and glowed.

A blue damselfly came to decorate the arm of my coat. How pretty it was against the brown. It rode a little distance with me.

I always admire this stream as it rolls out of the woods and past meadows and by-ways to the pond. It is from this section that I hear the owls calling during the night time. "Somebody tell him, give him a clue so he'll stop asking us 'WHOO-WHOO-WHOO?'"

A few butterflies were huddled on the bank, pumping their wings in the warmth of the sun.

No wind rattled the trees. No birds called. Even the water in the stream was mute.

It grew warmer and I removed my coat. It was lovely here and I soaked up as much sun as I could of the fading summer. I suppose hoping it will somehow be a supply for the cold months to come.

Around the bend I saw the ducks again. They drifted on the water mysterious and beautiful. Then they were away—"among the murmuring pines and hemlocks."

So enters autumn laden with fruits, musty tassels of corn, frost on the pumpkins, wet fog, nature

announcing, "Goldenrod is back on standard," misty squirrels, chipmunk families shopping gardens, children playing in fallen leaves beneath a peaceful sky, tasseled thistle-down and milkweed silk blowing, morning on the mountains like a summer bird, pouring out glory on the autumn woods.

As the crickets sang a final farewell, I drifted down river and met a breeze as I entered the pond. It whispered then pushed, helping me up pond toward home. Pant way I received the thrill of seeing a big blue heron standing on top of a muskrat's house. It was indeed a grand figure of form and dignity, a statue of contentment.

My last "mile" was a hard one, in fact, I had to wade it, for I could not get my boat over a log which was in mud beneath the water. I pulled the boat in shore, easy now with me out. It turned it over, locked it, and again admired the sunlight bouncing off the water only to dance upon the trees. Even with wet, muddy feet it was worth it.

I had a very enjoyable week end in Bethel with classmates and friends and attended the Gould Academy alumni day and banquet.

Mr. and Mrs. Leonas Holt were in Windsor to visit their son, Robert, on Sunday.

On Thursday, Doris Hayes and I joined seven other teachers for dinner then had an early Christmas party at the home of Louvie Coffin in West Paris. Her home was decorated with the usual Christmas things, including the tree. Some of the members of our T. T. Club leave next week for Florida. We had no snow or blizzards but lots of fun!

Our callers have been Mr. and Mrs. Carl Brooks, West Paris; Mr. and Mrs. Glenn Strait, their son and daughter, Freeport.

Frank and Dot Curtis had as callers Eva Felton, Kathy Curtis, Irene Stevens, Ken Curtis, Rena Curtis, local; Mr. and Mrs. Michael Twitchell and two children, South Paris; Phil Bentley, Lewiston; Donald Bowman, Canton; Mildred Bowman, Hebron; Alton Kimball, Waterford.

Moose have been seen by several this week. One came down the farm pasture, jumped the fence and stood about 20 feet from L. Holt, just looking at him, then moved on.

Fred and Rena Curtis have a new great granddaughter born to Mr. and Mrs. Stephen Cogswell Jr., in Fallbrook, Calif. She has been named Rachel Colista, born Sept. 23, 1984.

Mr. and Mrs. Glenn Strait and children, Mr. and Mrs. Stephen Cogswell and son, Troy, visited their parents, Mr. and Mrs. Fred Curtis for the week end.

Fred and Rena Curtis had supper with Eva Felton and Kathy Curtis, Sunday evening.

What a nice picture of Lillian Abbott in the "Sun" as she rode her 3-wheel cycle four miles for a Tri-Town Rescue! Who would guess that she is 64 years old and that for several weeks during early to mid summer she suffered from spinal arthritis so severely she obeyed doctor's orders to stay in bed, not climb stairs, drive or even ride except infrequently. I admire her ability to drive the vehicle. The one time I tried it, I stopped just short of the ditch. Someday I hope to get another chance and can learn the technique.

STATE POLICE TO ENFORCE 55 MPH SPEED LIMIT

The Maine State Police are stepping up enforcement of the 55 mph speed limit.

"The Federal Government requires compliance with the 55 mph speed limit, non-compliance by motorists can result in the State not receiving needed monies to help maintain our 55 mph posted road network," said Col. Allan H. Weeks, chief of the Maine State Police.

Weeks said State Police officers will be making a greater enforcement effort in the area of the 55 mph speed limit, and motorists will be reminded of the importance of complying with the law.

According to Weeks, "The Federal Government sets criteria in relation to the 55 mph national speed limit. States not meeting these criteria may be sanctioned up to 10% of Federal aid in highway construction funds. That could mean a potential loss to Maine of approximately \$7 million."

"The state police urge all motorists to voluntarily comply with the posted 55 mph speed limit in order that lives may be saved and serious injuries prevented in addition to meeting the Federal criteria."

Mr. and Mrs. Earlon Keniston joined his brother and wife, Mr. and Mrs. Lloyd Keniston of South Portland, for an auto trip to Lake Orion, Mich., recently. They attended the wedding of their nephew, Dr. Joseph Anders, Jr. and Kelly Wilson of Flint, Mich. Dr. Anders is the son of Joseph Anders, Sr., and Phyllis Keniston Anders of Yarmouth, and he is interning at a hospital in Pontiac, Mich. His brother, David Anders, was best man. The wedding was held at St. Joseph Catholic Church and the reception at the Indian Wood Country Club, both in Lake Orion, Mich., on Saturday, September 15. Dr. Anders' grandmother is Iva Andrews Keniston of Portland. The Kenistons were joined in Lake Orion by Mr. and Mrs. Carl Meaux, and son, Jeff, of Dayton, Centerville, Ohio. The Kenistons returned home via Niagara Falls, Canada.
